

## Client agreement

### Part 1 - What we do & how we charge

We are a financial planning business, focused on helping you understand and plan for your financial future. This information is designed to give you an idea of:

- **What we do and how we do it (our services)**
- **What it's likely to cost and how you can pay us**

More detailed information is in our Client Prospectus which can be downloaded from our website at [www.crocuswealth.co.uk](http://www.crocuswealth.co.uk).

This document provides details about our services to you and how we charge, so it's important that you read it fully. If there is something you don't understand please ask us to explain it.

### 1. Our services

Whatever financial decisions you have to make, the first step towards making the right decisions is to establish a clear understanding of your financial needs.

People seek financial advice for many different reasons so it's important that we understand exactly who you are and what you want to achieve. At our first meeting, which will be without charge, we'll gather information about you to help define your needs and priorities.

Our services include:

- **Financial planning:** It's important to identify what you might want to achieve and how you can do this. We can help you to identify your goals and create a plan for your finances to help you achieve them.
- **Retirement planning:** It's important to know whether the money you are saving towards retirement will provide you with sufficient funds to meet your retirement objectives. We can work with you to proactively plan for your retirement and help you decide on the options available once at retirement.
- **Protection planning:** Most of us want to protect the things that are important to us, our family, business and quality of life. Protection planning can help to provide peace of mind in the event of your income changing due to unexpected events. We can help you plan for the best way to protect you, your family or your business.

We'll only start work once we have agreed our services and charges with you. Part 2 of this Agreement will set out the services we have agreed to provide and confirm how much this will cost.

### 2. Our advice

We offer **independent** investment advice. This means that we consider a wide range of financial strategies and products. We are constantly reviewing the market to ensure that the services and products we offer are appropriate for our clients.

Where we recommend particular investment strategies and products to you, these will be selected based on your personal circumstances, financial goals and objectives. We'll consider a number of factors, including the services you need, the cost of investing, how much risk you are prepared to accept in an investment product and how much of a drop in its value you could withstand.

The areas we can advise on include:

- Life assurance
- Investment bonds
- Pensions
- Annuities
- Phased retirement & income drawdown
- Long term care
- Unit trusts
- Open ended investment companies
- ISAs
- Term assurance
- Critical illness cover
- Income protection

We don't provide advice in relation to individual share holdings. If this is something you need assistance with, we can refer you to a stockbroker.

We don't provide advice on options, futures and other derivative contracts as we believe that these are unlikely to be suitable for our clients

For further details please refer to our client prospectus.

Where we provide protection planning services we are an insurance intermediary and will provide advice which is based on a fair and personal analysis of the market.

### 3. Our charges

The way we are paid for our services may depend on the type of advice given. Typically this will be:

- **Investment business:** fees agreed and paid by you
- **Insurance business:** fees agreed and paid by you or commission payable by the insurance provider, which is a percentage of the total annual premium

More details on these options and how they are paid is found in the following sections on initial and ongoing charges.

Our charges fall into the following categories:

- a) **Initial charges:** these are the upfront costs of our services. We offer several types of initial service depending on your needs.
- b) **Ongoing charges:** once your financial plan is in place it is important to keep the underlying investments under review so these can be adapted, where necessary. Our ongoing services are designed to do this.

Our actual charges and fees (in pounds and pence) will be agreed with you before we do any work and we'll explain your payment options too. We'll also let you know where any fees are subject to VAT.

### Payment options

Initial charges can be paid in a number of ways:

- Cheque, card or electronic transfer (unfortunately, we cannot accept payments by cash).
- Payment via deductions from the financial product(s) you invest in. Most product providers offer this facility but using it will reduce the amount you have left to invest and may, depending on your circumstances, have other consequences (we'll discuss this with you beforehand).
- For investments held on a platform (an online investment administration service) you may choose to pay our charges out of the funds held in the platform cash account, although it's important to maintain sufficient funds in the account to cover our charges as they become payable.
- We will not make an initial charge on a regular contribution product where investments are made on a monthly, quarterly or annual basis.
- In some limited circumstances (for protection planning only) we may receive commission from a product provider in relation to an insurance product we have arranged for you. The amount of commission is a percentage of the total annual premium and we'll tell you the amount before we carry out business for you. Where relevant, we will provide details of the maximum amount that we could reclaim from you and the timescale in which we could do so, within our suitability report.

### Ongoing charges

Our ongoing services are optional. If you agree to purchase an ongoing service, unless otherwise agreed, the service will be provided as a follow up to the initial service.

### Payment options

- For investments held on a platform (an online investment administration service) you may choose to pay our charges out of the funds held in the platform cash account, although it's important to maintain sufficient funds in the account to cover our charges as they become payable.

## 4. Other charges

Depending on the services we provide, there may be costs and charges (including taxes), not charged by us, but related to the financial products we arrange for you. These charges may be one-off charges (payable up front) or charges payable on an ongoing basis. For example:

- **Service costs:** If your investments are held on a platform (an online investment administration service) the platform provider will make a charge for administering / managing your investments.
- **Investment costs:** These are the costs relating to the manufacturing and managing of your investments – for example, fees charged by the investment fund manager, costs relating to investment transactions.
- We'll always disclose any third party costs as part of making our recommendations.

### Aggregated costs and charges

Before we provide you with our advice we will add together all the costs and charges payable so that you are able to understand the overall costs of our services and recommendations. This is referred to as aggregated costs and charges information.

## 5. Our obligations

### Our recommendations

- Before providing advice we'll assess your needs, consider your financial objectives and assess your attitude to any risks that may be involved. If you don't want to discuss a particular area of financial planning and that area should not form part of the advice given, we can exclude it, if you instruct us to do so. This might of course have a bearing on the advice that might have been given.
- Before making any recommendations we'll carry out a suitability assessment so that we are able to act in your best interests.
- We'll confirm any recommendations we make in writing (our suitability report) along with details of any special risks that may be associated with the products or investment strategies we've recommended.
- Where we agree to provide you with a service that includes an ongoing review of the suitability of the investments we have recommended, we will carry out this review at least annually. To do this we will need to make contact with you to assess whether the information we hold about you remains accurate and up to date. We will confirm the results of our assessment and, if relevant, any updated recommendations.
- You will have ongoing access to us to discuss changes to your personal circumstances and requirements.
- Please be aware that investments can fall, as well as rise, and that you may not get back the full amount invested. The price of investments we may recommend may depend on fluctuations in the financial markets, or other economic factors, which are outside our control. Past performance is not necessarily a guide to future performance.
- Specific warnings relevant to the investments, investment strategies or other products we arrange are provided in the relevant product literature provided.

### Financial crime

- We are obliged to put in place controls to prevent our business from being used for money laundering and other forms of financial crime.
- We'll verify your identity before undertaking any business with you. To do this we may use electronic identity verification systems and we may conduct these checks from time to time throughout our relationship, not just at the beginning. The check may leave a 'footprint' on your credit file but it will not affect your credit rating.

## Best execution

Where we send investment applications on your behalf to third parties (e.g. to put an investment into force), we'll take all sufficient steps to ensure that we obtain the best possible result for you. This is referred to as 'best execution'.

- We have a best execution policy. If you want to see a copy of it please ask us.

## Conflicts of interest

- Although we'll always try to act in your best interests there may be situations where we or one of our other clients has some form of interest in the business being transacted for you. If this happens or we become aware that our interests or those of one of our other clients conflict with your own interests, we'll write to you and ask for your consent to proceed before we carry out any business for you. We'll also let you know the steps we'll take to make sure you are treated fairly.
- We have a conflicts of interest policy. If you want to see a copy of it please ask us.

## Protecting personal information

To provide our services properly we'll need to collect information on your personal and financial circumstances. We take your privacy seriously and will only use personal information to deliver our services. For further details on how we process personal data, please refer to Appendix A at the foot of this document.

## Communicating with you

- Our normal ways of communicating with you are by telephone, post, e-mail, SMS text message or in person. Our communications will be in English.
- We may ask you to confirm your instructions to us in writing as this helps to avoid any future misunderstandings.

## 6. Your obligations

This section sets out your obligations in agreeing to receive our services.

### Providing information about your circumstances

- Our advice will be based on the information that you give so it's important that you provide us with accurate and up to date information about your circumstances and objectives, particularly where there are any significant changes in this respect. This will allow us to provide you with suitable advice. If the information you provide is inaccurate or if you limit the information provided this could affect the suitability of the advice we give.

### Payment for services

- By signing this agreement you are agreeing to pay the charges for our services as set out in section 9 (Services agreed). Your selected payment method is also confirmed in section 9. We'll tell you if any payments are subject to VAT.
- Our **initial** charges are payable once we've completed our agreed work and must be settled within 30 days.

- In some limited circumstances (for protection planning business only) we may receive a commission payment from a product provider. Typically, the commission payment will be offset against the charges you owe us for our services. If the commission payment relates to a regular contribution policy and you stop paying premiums on that policy we may be obliged to refund the commission received back to the policy provider. In such cases, we reserve the right to request the full payment of any outstanding balance of charges for our services.
- Any products we have arranged for you will only be kept under review as part of an ongoing service for which you have agreed to pay. Our ongoing services are optional, but if you agree to purchase an ongoing service, unless otherwise agreed, the ongoing service will be provided as a follow up to the initial service.
- Our charges for **ongoing** services will start **alongside the initial charge**. Our charges are payable within 30 days of the end of the relevant period.
- **Ongoing** services can be cancelled at any time by informing us in writing (see section 3 – Cancellation and amendments) but please note that we do reserve the right to charge you for services we have provided before cancellation.
- Where our charges are based on a % of your investments, the amount of our **ongoing** charges may increase as the size of your fund grows.
- In some circumstances we may receive ongoing payments (commission) from product providers relating to existing investments you hold. Such payments may be taken into account when determining the charges for ongoing services. We'll discuss and agree this with you where relevant.

### Legal and accounting advice

- We are not qualified to provide legal or accounting advice or to prepare any legal or accounting documents. This means that the onus is on you to refer any point of law or accountancy that may arise during the course of discussions with us, to a solicitor or accountant.

## 7. Cancellation and amendments

### Ending this agreement

- We may terminate this agreement by giving you at least 20 business days written notice.
- You may terminate this agreement at any time, without penalty. Notice of termination must be given in writing and will take effect from the date of receipt.
- Any transactions already initiated will be completed according to this agreement unless otherwise agreed in writing.
- You will be liable to pay for any services we have provided before cancellation and any outstanding fees, if applicable.

## Amendments

- From time to time it may be necessary to amend the terms set out in this agreement where it's not necessary to issue a new agreement. If this is the case we'll write to you with details of the changes at least 28 business days.

## Product cancellation rights

- Full details of any financial products we recommend to you will be provided in the relevant product information you will receive. This will include information about any product cancellation rights along with any other early termination rights and penalties.
